Educational visits during the school day which are part of the normal curriculum.

Schools are not required to obtain consent from parents for pupils to participate in off-site activities that take place during school hours and which are a normal part of a child's education, such as local studies and visits to a museum or library, swimming lessons etc. While parents do not have the option to withdraw their child from the school curriculum, it remains good practice to inform parents that a visit or activity is to take place

This school will inform you of any proposed educational visit of this sort by Parentmail

Educational visits beyond the school day or which are not a part of the normal curriculum

Educational visits beyond the school day or which are not part of the normal curriculum require consent. This consent for educational visits is given on enrolment for those visits which are not further afield, residential or include adventurous activities.

This school will inform you of any proposed educational visit of this sort by Parentmail

For visits which are further afield, residential or include adventurous activities the school will request individual consent and where appropriate further medical information.
